### Qualifications in Statutory Auditor's Report

Following is the management's reply to the qualifications raised by the Statutory Auditors in their report for the Financial Year under review.

- (I) Due to defaults in repayment of loans taken from the Banks, the Account of the Company has been classified as Non-Performing Asset by the banks in the previous financial years and the banks have not charged the interest / reversed the unpaid interest charged from the date the account has been classified as Non-Performing. No provision has been made in the books of accounts maintained by the Company for interest / penal interest, if any, on these term loans amounting to about Rs. 1,386.82 Lakhs (exact amount cannot be ascertained) for the year ending March 31, 2023, hence to that extent, finance cost, total loss and current financial liabilities is estimated to be understated by about Rs.1,386.82 Lakhs (exact amount cannot be ascertained) for the year ending March 31, 2023.

Further, no provision for interest / penal interest, if any, on such term loans has been made in books of accounts, from the date the account of the Company has been classified as Non-Performing in the books of those banks. Also, such loan outstanding balances as per books of accounts are subject to confirmation / reconciliation with the balance as per banks as on March 31, 2023. Also, bank balances totaling to Rs. 0.33 Lakhs are subject to confirmation / reconciliation as on March 31, 2023 due to non-availability of bank statements /balance confirmation received from such banks, as represented to us by the Company.

**Management Reply:**

The documents upon which the Company relies for the purpose of finalisation of accounts doesn't indicate charge of any interest/ penal interest. Accordingly, no provision is made in the Profit and Loss account of the Company.

- (ii) No provision for diminution in value of investment is made in books of accounts as on March 31, 2023 even though the fair value of Investment of the Company of Rs. 300 Lakhs in Equity Shares of the Company's Subsidiary Companies i.e. HHP Broadcasting Services Private Limited, MPCR Broadcasting Services Private Limited, UBJ Broadcasting Private Limited and Rs. 3,012 Lakhs in Company's Associate Company i.e. Krishna Showbiz Services Private Limited, is lower than their cost of acquisition. The loss for the quarter and year ended March 31, 2023 is understated and non-current investments of the Company as on March 31, 2023 are overstated to that extent.

**Management Reply:**

Though the present value of Investment of the Company of Rs. 300 Lakhs in Equity Shares of the Company's Subsidiaries i.e. HHP Broadcasting Services Private Limited, MPCR Broadcasting Services Private Limited, UBJ Broadcasting Private Limited and Rs. 3012 Lakhs in Company's Associate i.e. Krishna Showbiz Services Private Limited, is lower than their cost of acquisition, management is of the opinion that keeping in view their long term business synergy and potential, no provision for diminution in value of investment is made as on March 31, 2023.

- (iii) The aggregate carrying value of Business and Commercial Rights and Channel Development Cost in the books of the Company as on March 31, 2023 is Rs. 5,869.33 Lakhs. There is no revenue generation from monetization of these assets during the quarter and the year ended March 31, 2023 due to which the Company has incurred substantial losses during the quarter and year ended March 31, 2023 and previous financial years. There is a strong indication of impairment in the value of these Business and Commercial Rights and Channel Development Cost and therefore we are of the opinion that the impairment loss of Rs. 5,869.33 Lakhs should be provided on all such assets in the books of accounts of the Company as on March 31, 2023. The assets of the Company are overstated and net loss for the quarter and year ended March 31, 2023 is understated to that extent.

**Management Reply:**

The Management of the company does not anticipate any impairment in the value of Intangible Business and Commercial Rights and related media assets as management consider that Rights/assets can be commercially exploited in different ways to generate the revenue. Management is in continuous process of generating revenue from exploitation of rights in different ways. Management estimates that decline in revenue in recent past is temporary in nature which have potential to get regularized in near future. Management further estimates that the said assets, during their useful life, will be able to generate discounted cash flow at least equal to the present value of rights/assets in the books. The nature of assets is such that revenue generated from it is unevenly spread during the useful life of assets. The company is in process of forming a technical team of experienced persons to estimate the value in use.

- (iv) The Company has not provided for loss allowances on financial guarantee contracts amounting to Rs. 1,159.80 Lakhs (excluding interest / penalty charges, if any) given by the Company on behalf of its related group companies to its secured lenders which is to be recognized as required by Indian Accounting Standard (IND-AS 109). The financial liabilities of the Company and net loss for the quarter and year ended March 31, 2023 is understated to that extent.

Further, as per the information and explanations provided to us by the management, currently a Resolution plan of the Group Company given by Resolution Applicant, which includes the extinguishment of the Corporate Guarantees given by the Company, has been approved by majority of Committee of Creditors of that Group Company and the same is pending for approval before Hon'ble NCLT. The financial impact / disclosure, if any, will be provided by the Company on receiving the final approval of the Resolution Plan from Hon'ble NCLT and on complying with all the terms and conditions of the approved Resolution Plan.

**Management Reply:**

The Company is not aware of invocation of its Corporate Guarantee and accordingly, no provisions are made for the same.

- (v) The Company has not accounted the lease transactions as per requirements of Indian Accounting Standard (IND-AS-116) which is applicable from April 1, 2020. The impact, if any, of such non-compliance of IND-AS 116 on the financials of the Company for the year ended March 31, 2023 is unascertainable.

**Management Reply:**

The impact for adoption for IND-AS 116 in the Company's financials statements is not material as the Company has not entered into a long term lease agreement with any lessor. However, the management will assess its impact in next Financial Year and account for the same, if required, as per IND-AS 116.

# 16<sup>TH</sup> ANNUAL REPORT 2022-2023

- (vi) Inter-Company Related Party outstanding balance with Sri Adhikari Brothers Television Network Limited as on March 31, 2023 is subject to confirmation / reconciliation. The impact, if any, due to non-reconciliation of Inter-Company accounts on the financial statements of the Company as on March 31, 2023 is unascertainable.

**Management Reply:**

The Company is in the process of the reconciling the outstanding balance with Sri Adhikari Brothers Television Network Limited and the impact, if any, on the accounts of the Company will be provided in due course of time.

- (vii) The Company has not provided for Interest expenses on late payment of Carriage Fees and other Operational Cost payable to various vendors whose balances are outstanding as on March 31, 2023 which needs to be accounted as per the applicable Indian Accounting Standards as the same is payable to the vendors as per the agreements entered into with them. Further, the working for such interest expenses on late payment of such expenses has not been made by the Company, due to which the exact amount of provision for interest cannot be ascertained as on March 31, 2023. The financial liabilities of the Company and net loss for the quarter and year ended March 31, 2023, due to non-accounting of provision for interest, are understated to that extent.

**Management Reply:**

The Company is having strong relations with its vendors since decades and thus had arrived at an amicable settlement as and when needed and hence not been charged any interest on late payment made to the vendors.

**ANNEXURE I****MANAGEMENT DISCUSSION AND ANALYSIS****Indian Macroeconomics scenario**

**(Source- FICCI report on Media & Entertainment dated April'23)**

India is expected to remain a bright spot amid the global growth slowdown.

- The National Statistical Office (NSO) estimated India's real GDP growth at 7.0% in FY23, as compared to 9.1% in FY22. Growth in FY22 was high partly due to a favorable base effect on account of a contraction of (-)5.7% in the Covid year of FY21
- The IMF in its January 2023 issue of the World Economic Outlook Update has projected India's growth to dip transitorily to 6.1% in FY23 before improving to 6.8% in FY24. Despite this, India is projected to remain the fastest growing major economy in the world. In comparison, the world economy is forecasted to slow down to 2.9% in 2023 from 3.4% in 2022
- India's FY24 growth is projected to exceed global as well as Emerging Market and Developing Economy growth by 2.1% points and 3.2% points, respectively. It is projected to outpace China's growth by 0.9% points India is expected to contribute 15% of global growth in 2023
- The IMF has attributed this primarily to India's efforts towards digitalization, and a strong policy framework
- In particular, the 2023 (FY24) Union Budget has signaled a resumption of fiscal consolidation while boosting capital expenditures, and an increasing emphasis on transitioning to a green economy
- These measures would enable laying down a strong foundation for a robust medium-term growth India is expected to remain the fifth largest economy in 2024 (FY25)
- According to IMF's World Economic Outlook (October 2022), India overtook the UK as the fifth largest economy in nominal US\$ market exchange rate terms in 2022 (FY23)
- In 2024 (FY25), India's nominal GDP at market exchange rate is estimated at US\$4,170 billion, accounting for 3.6% of global GDP, ranking fifth among all economies
- In purchasing power parity (PPP) terms, India is estimated to be the third largest economy at PPP\$13,973 billion in 2024 (FY25)

**Media and Entertainment Industry**

As the calendar turns to 2023, M&E leaders are taking decisive action to achieve ambitious growth plans and position their companies for future success as the industry continues its ever-evolving transformation. The business of content creation, distribution, advertising, and monetization is more fluid and uncertain than ever before, and media companies are racing to adapt. Here are five trends in the M&E sector to watch in the year ahead as competition intensifies and the stakes rise.

**Market Dynamics**

- The Indian M&E sector continued its strong growth trajectory. It grew by INR348 billion (19.9%) to reach INR2.1 trillion (US\$26.2 billion), 10% above its pre-pandemic 2019 levels
- While television remained the largest segment, digital media cemented its position as a strong number two segment, followed by a resurgent print
- The filmed entertainment segment recovered as theatrical releases doubled, and reclaimed the fourth position overtaking online gaming
- The share of traditional media (television, print, filmed entertainment, OOH, music, radio) stood at 58% of M&E sector revenues in 2022, down from 71% in 2019
- We expect the M&E sector to grow 11.5% in 2023 to reach INR2.34 trillion (US\$29.2 billion), then grow at a CAGR of 10% to reach INR2.83 trillion (US\$35.4 billion) by 2025
- Except for TV subscription, all M&E segments grew in 2022
- Digital media grew the most at INR132 billion and consequently, increased its contribution to the M&E sector from 16% in 2019 to 27% in 2022. If one were to include data charges associated with digital consumption in sizing, its share would stand at 50% of the total M&E sector.
- Experiential (outside the home) segments recovered in 2022, and consequently, filmed entertainment and live events

# 16<sup>TH</sup> ANNUAL REPORT 2022-2023

segments recovered by INR79 and INR41 billion, respectively

- Overall, half the growth was driven by traditional media, and the balance by digital, online gaming and VFX segments

**Television** – Television advertising grew 2% to end 2022 just behind its 2019 levels, on the back of volume growth. Subscription revenue continued to fall for the third year in a row, experiencing a 4% de-growth due to a reduction of five million pay TV homes and stagnant consumer-end ARPUs. While linear viewership declined 7% over 2021, 8 to 10 million smart TVs connected to the internet each day, up from around 5 million in 2021.

**Digital advertising** – Digital advertising grew 30% to reach INR499 billion, or 48% of total advertising revenues. Included in this is advertising by SME and long-tail advertisers of INR180 billion and advertising earned by e-commerce platforms of INR70 billion

**Digital subscription** – Digital subscription grew 27% to reach INR72 billion. 99 million paid video subscriptions across almost 45 million Indian households generated INR68 billion, an amount which is over 60% of broadcasters' share of TV subscription revenues. Due to a plethora of free audio options, just 4 to 5 million consumers bought music subscriptions, generating INR2.2 billion while online news subscriptions generated INR1.2 billion

## Government Initiatives

- A partnership was announced in April, 2023 between the Ministry of Information & Broadcasting and Amazon India in the field of media, entertainment, and public awareness.
- The Government of India has increased the FDI limit from 74% to 100%
- In November 2021, the government announced that it is working towards creating a National Centre of Excellence for AVGC (animation, visual effects, gaming and comics)
- The Telecom Regulatory Authority of India (TRAI) is set to approach the Ministry of Information and Broadcasting, Government of India, with a request to Fastrack the recommendations on broadcasting, in an attempt to boost reforms in the broadcasting sector. The Government of India has agreed to set up National Centre of Excellence for Animation, Gaming, Visual Effects and Comics industry in Mumbai. The Indian and Canadian Government have signed an audio-visual co-production deal to enable producers from both the countries exchange and explore their culture and creativity, respectively.

## Growth Outlook

Source- <https://www.ibef.org/industry/media-entertainment-india> and FICCI report on M&E dated April'23

- The Indian M&E industry is on an impressive growth path. The industry is expected to grow at a much faster rate than the global average rate. This can be majorly credited to rising incomes, increasing internet penetration and a growing push toward digital adoption.
- The Indian M&E sector powered through to a growth of 20% to reach INR 2.1 trillion in 2022, which is 10% more than its pre-pandemic levels in 2019. While Television retained its market size as the largest segment even under 10% growth and 1.66 billion households, digital media with over 30% growth, cemented its position as a strong No 2. Smart connected TV sets will exceed 40 million daily active users by 2025.
- With disruption such as free digital IPL on Jio Cinema, a digital forward economy has already seen content and data consumption levels reach monumental proportions by global standards. Indians now consume nearly 20GB data per month on average, No. 1 in the world already, and expected to reach 46 GB by 2027.
- It's an exciting time to be in the M&E business, and it looks like it's only going to get bigger and better as we expect the sector to grow 11.5% in 2023 to reach INR 2.34 trillion and further grow at a CAGR of 10.5% to reach INR 2.83 trillion by 2025. It would be my dream to see us smash through these forecasts as we grow exponentially across the entire M&E value chain – be it through democratization of the creator economy or disruption in digital distribution.
- In the long run, growth in the M&E industry is expected in retail advertisement on the back of several players entering the food and beverages segment, E-commerce gaining more popularity in the country, and domestic companies testing out the waters. India's rural regions are expected to be the next regions for growth. India has also gotten on board with 5G and is already planning for 6G well ahead of the future. This push towards digital adoption especially in the rural regions will

provide advertisers and publishers with an immense opportunity to capture untapped markets and help grow India's media and entertainment industry forward.

# **STANDALONE FINANCIAL STATEMENTS**

## INDEPENDENT AUDITORS' REPORT

To the Members of TV Vision Limited

Report on the Audit of the Standalone Financial Statements

### Qualified Opinion

We have audited the Standalone financial statements of TV Vision Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2023, the statement of Profit and Loss, statement of Changes in Equity and the statement of Cash Flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to explanation given to us, except for the effects of the matters described in the Basis of Qualified Opinion and Material Uncertainty relating to Going Concern section of our report, the accompanying standalone financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company, and its loss, position of changes in equity and cash flows for the year then ended.

### Basis for Qualified Opinion

- i) *Due to defaults in repayment of loans taken from the Banks, the Account of the Company has been classified as Non-Performing Asset by the banks in the previous financial years and the banks have not charged the interest / reversed the unpaid interest charged from the date the account has been classified as Non-Performing. No provision has been made in the books of accounts maintained by the Company for interest / penal interest, if any, on these term loans amounting to about Rs. 1,386.82 Lakhs (exact amount cannot be ascertained) for the year ending March 31, 2023, hence to that extent, finance cost, total loss and current financial liabilities is estimated to be understated by about Rs. 1,386.82 Lakhs (exact amount cannot be ascertained) for the year ending March 31, 2023.*  
*Further, no provision for interest / penal interest, if any, on such term loans has been made in books of accounts, from the date the account of the Company has been classified as Non-Performing in the books of those banks. Also, such loan outstanding balances as per books of accounts are subject to confirmation / reconciliation with the balance as per banks as on March 31, 2023. Also, bank balances totalling to Rs. 0.33 Lakhs are subject to confirmation / reconciliation as on March 31, 2023 due to non-availability of bank statements / balance confirmation received from such banks, as represented to us by the Company.*
- ii) *No provision for diminution in value of investment is made in books of accounts as on March 31, 2023 even though the fair value of investment of the Company of Rs. 300 Lakhs in Equity Shares of the Company's Subsidiary Companies i.e. HHP Broadcasting Services Private Limited, MPCR Broadcasting Service Private Limited, UBJ Broadcasting Private Limited and Rs. 3,012 Lakhs in Company's Associate Company i.e. Krishna Showbiz Services Private Limited, is lower than their cost of acquisition. The loss for the year ended March 31, 2023 is understated and non-current investments of the Company as on March 31, 2023 are overstated to that extent.*
- iii) *The aggregate carrying value of Business and Commercial Rights and Channel Development Cost in the books of the Company as on March 31, 2023 is Rs. 5,869.33 Lakhs. There is no revenue generation from monetization of these assets during the year ended March 31, 2023 due to which the Company has incurred substantial losses during the year ended March 31, 2023 and previous financial years. There is a strong indication of impairment in the value of these Business and Commercial Rights and Channel Development Cost and therefore we are of the opinion that the impairment loss of Rs. 5,869.33 Lakhs should be provided on all such assets in the books of accounts of the Company as on March 31, 2023. The assets of the Company are overstated and net loss for the year ended March 31, 2023 is understated to that extent.*
- iv) *The Company has not provided for loss allowances on financial guarantee contracts amounting to Rs. 1,159.80 Lakhs (excluding interest / penalty charges, if any) given by the Company on behalf of its related group companies to its secured lenders which is to be recognized as required by Indian Accounting Standard (IND-AS 109). The financial liabilities of the Company and net loss for the year ended March 31, 2023 is understated to that extent.*  
*Further, as per the information and explanations provided to us by the management, currently a Resolution plan of the Group Company given by Resolution Applicant, which includes the extinguishment of the Corporate Guarantees given by the Company, has been approved by majority of Committee of Creditors of that Group Company and the same is pending for approval before Honble NCLT. The financial impact / disclosure, if any, will be provided by the Company on receiving the final approval of the Resolution Plan from Honble NCLT and on complying with all the terms and conditions of the approved Resolution Plan.*
- v) *The Company has not accounted the lease transactions as per requirements of Indian Accounting Standard (IND AS-116) which is applicable from April 1, 2020. The impact, if any, of such non-compliance of IND-AS 116 on the financials of the Company for the year ended March 31, 2023 is unascertainable.*
- vi) *Inter-Company Related Party outstanding balance with Sri Adhikari Brothers Television Network Limited as on March 31, 2023 is subject to confirmation / reconciliation. The impact, if any, due to non-reconciliation of Inter-Company accounts on the financial statements of the Company as on March 31, 2023 is unascertainable.*
- vii) *The Company has not provided for Interest expenses on late payment of Carriage Fees and other Operational Cost payable to various vendors whose balances are outstanding as on March 31, 2023 which needs to be accounted as per the applicable Indian Accounting Standards as the same is payable to the vendors as per the agreements*

# 16<sup>TH</sup> ANNUAL REPORT 2022-2023

*entered into with them. Further, the working for such interest expenses on late payment of such expenses has not been made by the Company, due to which the exact amount of provision for interest cannot be ascertained as on March 31, 2023. The financial liabilities of the Company and net loss for the year ended March 31, 2023, due to non-accounting of provision for interest, are understated to that extent.*

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## **Material Uncertainty Relating to Going Concern**

- i) The financial statements are prepared on going concern basis as per Note No. 28 forming part of financial statements notwithstanding the fact that loans have been recalled back by secured lenders, current liabilities are substantially higher than the current assets, issue of notices under Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002, recovery proceedings initiated with debt recovery tribunal, symbolic possession of mortgaged property provided as collateral by promoters, invocation of part of the shares pledged as collaterals by bank, invocation of corporate guarantees from guarantors of the loan by the secured lenders of the Company and substantial losses incurred by the Company during the year ending March 31, 2023 and negative Total Equity of Rs. 6,068.29 Lakhs as on March 31, 2023. All of the above conditions indicate that a material uncertainty exists that may cast significant doubt on the company's ability to continue as a going concern.

## **Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors / Management is responsible for the other information. The other information comprises the information included in the Board's report and Management Discussion and Analysis, but does not include the Secretarial Audit report, Standalone financial statements and our auditor's report thereon. The Board's report and Management Discussion and Analysis is expected to be made available to us after the date of this auditor's report.

Our opinion on the standalone financial statements does not cover the other information and we will not express any form of assurance or conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

When we read the Board's report and Management Discussion and Analysis, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and make disclosures and take specific actions as per applicable laws and regulations, if required.

## **Key Audit Matters**

Except for the matters described in the Basis for Qualified Opinion section, we have determined that there are no other key audit matters to communicate in our report.

## **Responsibilities of Management and Those Charged with Governance for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors / Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(l) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management / resolution professional.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieve fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current year and are therefore the key audit matters.

We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## **“ANNEXURE B” FORMING PART OF INDEPENDENT AUDITOR’S REPORT**

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”). We have audited the internal financial controls over financial reporting of TV Vision Limited (“the Company”) as of March 31, 2023 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

### **Management’s Responsibility for Internal Financial Controls**

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

### **Auditors’ Responsibility**

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

### **Meaning of Internal Financial Controls over Financial Reporting**

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## NOTES TO STANDALONE FINANCIAL STATEMENTS

### 1 Significant Accounting Policies

#### 1.1 General

The financial statements of the Company comprising of Balance Sheet, Statement of Profit and Loss, Statement of changes in Equity and Cash Flow Statement together with the notes have been prepared in accordance with Indian Accounting Standards notified under the Companies (Indian Accounting Standards) Rules, 2015 ("Ind AS") as amended.

These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies stated out below.

#### 1.2 Use of Estimates

The preparation of financial statements requires management to exercise judgment in applying the Company's accounting policies. It also requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses and the accompanying disclosures including disclosure of contingent liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis, with revisions recognised in the period in which the estimates are revised and in any future periods affected.

#### 1.3 Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized when the company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements, however they are disclosed where the inflow of economic benefits is probable. When the realisation of income is virtually certain, then the related asset is no longer a contingent asset and is recognised as an asset.

#### 1.4 Fixed Assets

##### Property, Plant and Equipment

Property, Plant and Equipment are stated at cost of acquisition as reduced by accumulated depreciation and impairment losses, if any. Acquisition cost comprises of the purchase price and attributable cost incurred for bringing the asset to its working condition for its intended use.

### 1.11 Financial Instruments

#### l) Financial Assets

##### a Initial recognition and measurement

All financial assets are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting.

##### b Subsequent Measurement

###### Financial assets carried at amortised cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

###### Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

###### Financial assets at fair value through profit or loss (FVTPL)

A financial asset which is not classified in any of the above categories are measured at FVTPL.

##### c Investment in subsidiaries, Associates and Joint Ventures

The Company has accounted for its investments in subsidiaries, associates and joint venture at cost.

##### d Impairment of financial assets

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

- i) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date)
- ii) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

For trade receivables Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

##### e De-recognition of financial instruments

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind AS 109. A financial liability (or a part of a financial liability) is de-recognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

## NOTES TO STANDALONE FINANCIAL STATEMENTS

### II) Financial Liabilities

#### a Initial Recognition and Measurement

All Financial Liabilities are recognized at fair value and in case of borrowings, net of directly attributable cost, Fee of recurring nature are directly recognized in the Statement of Profit and Loss as finance cost.

- b For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

### 1.12 Taxes on Income

Current Tax provision is made based on the tax liability computed after considering tax allowances and exemptions at the balance sheet date as per Income Tax Act, 1961.

Current tax is recognized in the statement of profit and loss except to the extent that the tax relates to items recognized directly in other comprehensive income or directly in equity.

Deferred tax reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date.

Deferred tax asset is recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. Deferred tax assets are recognized on carry forward of unabsorbed depreciation and tax losses only if there is virtual certainty that such deferred tax assets can be realized against future taxable profits.

The carrying amount of Deferred Tax Assets are reviewed at each balance sheet date and written down or written up, to reflect the amount that is reasonably or virtually certain, as the case may be, to be realized.

Presentation of current and deferred tax

Current and deferred tax are recognized as income or an expense in the statement of profit and loss, except to the extent they relate to items are recognized in other comprehensive income, in which case, the current and deferred tax income / expense are recognised in other comprehensive income.

### 1.13 Earnings Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Dilutive earnings per share is computed and disclosed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the year, except when the result would be anti-dilutive.

### 1.14 Impairment of Assets

The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets.

### 1.15 Share based payments

The Company recognizes compensation expense relating to share-based payments in net profit using fair-value in accordance with Ind AS 102, Share-Based Payment. The estimated fair value of awards is charged to statement of profit and loss on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was in-substance, multiple awards with a corresponding increase to share based payment reserves.

## NOTES TO STANDALONE FINANCIAL STATEMENTS

### 1.16 Business Combinations

Business combinations have been accounted for using the acquisition method under the provisions of Ind AS 103, Business Combinations.

The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities incurred or assumed at the date of acquisition, which is the date on which control is transferred to the Company. The cost of acquisition also includes the fair value of any contingent consideration. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition.

Business combinations between entities under common control is accounted for at carrying value.

Transaction costs that the Company incurs in connection with a business combination such as finder's fees, legal fees, due diligence fees, and other professional and consulting fees are expensed as incurred.

### 1.17 Dividend

Provision is made for the amount of any dividend declared on or before the end of the reporting period but remaining undistributed at the end of the reporting period, where the same has been appropriately authorised and is no longer at the discretion of the entity.

### 1.18 Contributed Equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

### 1.19 Exceptional Items

Certain occasions, the size, type, or incidences of the item of income or expenses pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expenses is classified as an exceptional item and accordingly, disclosed in the financial statements.

#### Critical accounting judgment and estimates

The preparation of financial statements requires management to exercise judgment in applying the Company's accounting policies. It also requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses and the accompanying disclosures including disclosure of contingent liabilities. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis, with revisions recognised in the period in which the estimates are revised and in any future periods affected.

### 1.20 Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that have a low probability of crystallising or are very difficult to quantify reliably, are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the financial statements. There can be no assurance regarding the final outcome of these legal proceedings.

### 1.21 Useful lives and residual values

The Company reviews the useful lives and residual values of property, plant and equipment, investment property and intangible assets at each financial year end.

### 1.22 Impairment Testing

- i) Judgment is also required in evaluating the likelihood of collection of customer debt after revenue has been recognised. This evaluation requires estimates to be made, including the level of provision to be made for amounts with uncertain recovery profiles. Provisions are based on historical trends in the percentage of debts which are not recovered, or on more detailed reviews of individually significant balances.
- ii) Determining whether the carrying amount of these assets has any indication of impairment also requires judgment. If an indication of impairment is identified, further judgment is required to assess whether the carrying amount can

## NOTES TO STANDALONE FINANCIAL STATEMENTS

be supported by the net present value of future cash flows forecast to be derived from the asset. This forecast involves cash flow projections and selecting the appropriate discount rate.

### 1.23 Tax

- i) The Company's tax charge is the sum of the total current and deferred tax charges. The calculation of the Company's total tax charge necessarily involves a degree of estimation and judgment in respect of certain items whose tax treatment cannot be finally determined until resolution has been reached with the relevant tax authority or, as appropriate, through a formal legal process.
- ii) Accruals for tax contingencies require management to make judgments and estimates in relation to tax related issues and exposures.
- iii) The recognition of deferred tax assets is based upon whether it is more likely than not that sufficient and suitable taxable profits will be available in the future against which the reversal of temporary differences can be deducted. Where the temporary differences are related to losses, the availability of the losses to offset against forecast taxable profits is also considered. Recognition therefore involves judgment regarding the future financial performance of the particular legal entity or tax Company in which the deferred tax asset has been recognized.

### 1.24 Fair Value Measurement

A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

**Level 1:** quoted prices (unadjusted) in active markets for identical assets or liabilities."

**Level 2:** inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. prices) or indirectly (i.e. derived from prices).

**Level 3:** inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of a fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of reporting year during which the change has occurred.

#### Defined Benefit Obligation

The costs of providing pensions and other post-employment benefits are charged to the Statement of Profit and Loss in accordance with Ind AS 19 'Employee benefits' over the period during which benefit is derived from the employees' services. The costs are assessed on the basis of assumptions selected by the management. These assumptions include salary escalation rate, discount rates, expected rate of return on assets and mortality rates. The same is disclosed in Note 27 'Employee benefits'.

To the Members of TV Vision Limited

Report on the Audit of the Consolidated Financial Statements

### Qualified Opinion

We have audited the accompanying consolidated financial statements of TV Vision Limited (hereinafter referred to as the "Holding Company"), its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group") and its associate, which comprise the consolidated balance sheet as at March 31, 2023, the consolidated statement of Profit and Loss, consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies (hereinafter referred to as the "consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matters described in the Basis for Qualified Opinion and Material Uncertainty relating to Going Concern section of our report, the accompanying consolidated financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group, its associate, as at March 31, 2023 of its consolidated loss, consolidated position of changes in equity and the consolidated cash flows for the year ended on that date.

### Basis for Qualified Opinion in Auditors report of Holding Company (i.e. TV Vision Limited)

- i) *Due to defaults in repayment of loans taken from the Banks, the Account of the Company has been classified as Non-Performing Asset by the banks in the previous financial years and the banks have not charged the interest / reversed the unpaid interest charged from the date the account has been classified as Non-Performing. No provision has been made in the books of accounts maintained by the Company for interest / penal interest, if any, on these term loans amounting to about Rs. 1,386.82 Lakhs (exact amount cannot be ascertained) for the year ending March 31, 2023, hence to that extent, finance cost, total loss and current financial liabilities is estimated to be understated by about Rs. 1,386.82 Lakhs (exact amount cannot be ascertained) for the year ending March 31, 2023.*

*Further, no provision for interest / penal interest, if any, on such term loans has been made in books of accounts, from the date the account of the Company has been classified as Non-Performing in the books of those banks. Also, such loan outstanding balances as per books of accounts are subject to confirmation / reconciliation with the balance as per banks as on March 31, 2023. Also, bank balances totalling to Rs. 0.33 Lakhs are subject to confirmation / reconciliation as on March 31, 2023 due to non-availability of bank statements / balance confirmation received from such banks, as represented to us by the Company.*

- ii) *No provision for diminution in value of investment is made in books of accounts as on March 31, 2023 even though the fair value of Investment of the Company of Rs. 300 Lakhs in Equity Shares of the Company's Subsidiary Companies i.e. HHP Broadcasting Services Private Limited, MPCR Broadcasting Service Private Limited, UBJ Broadcasting Private Limited and Rs. 3,012 Lakhs in Company's Associate Company i.e. Krishna Showbiz Services Private Limited, is lower than their cost of acquisition. The loss for the year ended March 31, 2023 is understated and non-current investments of the Company as on March 31, 2023 are overstated to that extent.*
- iii) *The aggregate carrying value of Business and Commercial Rights and Channel Development Cost in the books of the Company as on March 31, 2023 is Rs. 5,869.33 Lakhs. There is no revenue generation from monetization of these assets during the year ended March 31, 2023 due to which the Company has incurred substantial losses during the year ended March 31, 2023 and previous financial years. There is a strong indication of impairment in the value of these Business and Commercial Rights and Channel Development Cost and therefore we are of the opinion that the impairment loss of Rs. 5,869.33 Lakhs should be provided on all such assets in the books of accounts of the Company as on March 31, 2023. The assets of the Company are overstated and net loss for the year ended March 31, 2023 is understated to that extent.*
- iv) *The Company has not provided for loss allowances on financial guarantee contracts amounting to Rs. 1,159.80 Lakhs (excluding interest / penalty charges, if any) given by the Company on behalf of its related group companies to its secured lenders which is to be recognized as required by Indian Accounting Standard (IND-AS 109). The financial liabilities of the Company and net loss for the year ended March 31, 2023 is understated to that extent.*

*Further, as per the information and explanations provided to us by the management, currently a Resolution plan of the Group Company given by Resolution Applicant, which includes the extinguishment of the Corporate Guarantees given by the Company, has been approved by majority of Committee of Creditors of that Group Company and the same is pending for approval before Honble NCLT. The financial impact / disclosure, if any, will be provided by the Company on receiving the final approval of the Resolution Plan from Honble NCLT and on complying with all the terms and conditions of the approved Resolution Plan.*

# 16<sup>TH</sup> ANNUAL REPORT 2022-2023

- v) *The Company has not accounted the lease transactions as per requirements of Indian Accounting Standard (IND AS-116) which is applicable from April 1,2020. The impact,if any,of such non-compliance of IND-AS 116on the financials of the Company for the year ended March 31,2023 is unascertainable.*
- vi) *Inter-Company Related Party outstandingbalance with Sri Adhikari Brothers Television Network Limited as on March 31, 2023 is subject to confirmation / reconciliation. The impact,if any,due to non-reconciliation of Inter-Company accounts on the financial statements of the Company as on March 31,2023 is unascertainable.*
- vii) *The Company has not provided for Interest expenses on late payment of Carriage Fees and other Operational Cost payable to various vendors whose balances are outstandingas on March 31,2023 which needs to be accounted as per the applicable Indian Accounting Standards as the same is payable to the vendors as per the agreements entered into with them. Further,the workingfor such interest expenses on late payment of such expenses has not been made by the Company,due to which the exact amount of provision for interest cannot be ascertained as on March 31,2023. The financial liabilities of the Company and net loss for the year ended March 31,2023,due to non-accounting of provision for interest,are understated to that extent.*

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance or conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the Board's report and Management Discussion and Analysis, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and make disclosures and take specific actions as per applicable laws and regulations, if required.

# 16<sup>TH</sup> ANNUAL REPORT 2022-2023

## Key Audit Matters

Except for the matters described in the Basis for Qualified Opinion section and Material Uncertainty Relating to Going Concern paragraph, we have determined that there are no other key audit matters to communicate in our report.

## Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Holding Company's Board of Directors is responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Companies Act, 2013 that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group including its associate in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act. The respective Board of Directors of the Companies included in the Group and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of

the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associate are responsible for assessing the ability of the Group and of its associate to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associate are responsible for overseeing the financial reporting process of the Group and of its associate.

## Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

## As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(l) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of Group and its associate to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associate to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieve fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associate to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Other Matters

## **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

## **Opinion**

In our opinion, the Holding Company, its Subsidiaries Company and its Associate Company has, in all material respects, except for the effects of the matters, as discussed in the Basis of Qualified Opinion and Material Uncertainty Relating to Going Concern section of our report, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

### 1 Significant Accounting Policies

#### 1.1 General

The financial statements of the Company comprising of Balance Sheet, Statement of Profit and Loss, Statement of changes in Equity and Cash Flow Statement together with the notes have been prepared in accordance with Indian Accounting Standards notified under the Companies (Indian Accounting Standards) Rules, 2015 ("Ind AS") as amended.

These financial statements have been prepared and presented under the historical cost convention, on the accrual basis of accounting except for certain financial assets and liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies stated out below.

#### 1.2 Use of Estimates

The preparation of financial statements requires management to exercise judgment in applying the Company's accounting policies. It also requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses and the accompanying disclosures including disclosure of contingent liabilities. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis, with revisions recognised in the period in which the estimates are revised and in any future periods affected.

#### 1.3 Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized when the company has a present obligation as a result of past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. If the effect of time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources embodying economic benefits or the amount of such obligation cannot be measured reliably. When there is a possible obligation or a present obligation in respect of which likelihood of outflow of resources embodying economic benefits is remote, no provision or disclosure is made.

Contingent assets are not recognised in the financial statements, however they are disclosed where the inflow of economic benefits is probable. When the realisation of income is virtually certain, then the related asset is no longer a contingent asset and is recognised as an asset.

#### 1.4 Fixed Assets

##### Property, Plant and Equipment

Property, Plant and Equipment are stated at cost of acquisition as reduced by accumulated depreciation and impairment losses, if any. Acquisition cost comprises of the purchase price and attributable cost incurred for bringing the asset to its working condition for its intended use.

Purchase and sale of financial assets are recognised using trade date accounting.

##### b Subsequent Measurement

###### Financial assets carried at amortised cost (AC)

A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

###### Financial assets at fair value through other comprehensive income (FVTOCI)

A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

### **Financial assets at fair value through profit or loss (FVTPL)**

A financial asset which is not classified in any of the above categories are measured at FVTPL.

### **c Investment in subsidiaries, Associates and Joint Ventures**

The Company has accounted for its investments in subsidiaries, associates and joint venture at cost.

### **d Impairment of financial assets**

In accordance with Ind AS 109, the Company uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

#### **Expected credit losses are measured through a loss allowance at an amount equal to:**

- i) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date)
- ii) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)

For trade receivables Company applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed.

For other assets, the Company uses 12 month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.

### **e De-recognition of financial instruments**

The Company derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the financial asset and the transfer qualifies for de-recognition under Ind AS 109. A financial liability (or a part of a financial liability) is de-recognized from the Company's Balance Sheet when the obligation specified in the contract is discharged or cancelled or expires.

## **II) Financial Liabilities**

### **a Initial Recognition and Measurement**

All Financial Liabilities are recognized at fair value and in case of borrowings, net of directly attributable cost, Fee of recurring nature are directly recognized in the Statement of Profit and Loss as finance cost.

- b For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short maturity of these instruments.

## **1.13 Taxes on Income**

Current Tax provision is made based on the tax liability computed after considering tax allowances and exemptions at the balance sheet date as per Income Tax Act, 1961.

Current tax is recognized in the statement of profit and loss except to the extent that the tax relates to items recognized directly in other comprehensive income or directly in equity.

Deferred tax reflects the impact of current year timing differences between taxable income and accounting income for the year and reversal of timing differences of earlier years. Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the balance sheet date.

Deferred tax asset is recognized only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. Deferred tax assets are recognized on carry forward of unabsorbed depreciation and tax losses only if there is virtual certainty that such deferred tax assets can be realized against future taxable profits.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The carrying amount of Deferred Tax Assets are reviewed at each balance sheet date and written down or written up, to reflect the amount that is reasonably or virtually certain, as the case may be, to be realized.

### **Presentation of current and deferred tax**

Current and deferred tax are recognized as income or an expense in the statement of profit and loss, except to the extent they relate to items are recognized in other comprehensive income, in which case, the current and deferred tax income / expense are recognised in other comprehensive income.

### **1.14 Earnings Per Share**

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Dilutive earnings per share is computed and disclosed using the weighted average number of equity and dilutive equity equivalent shares outstanding during the year, except when the result would be anti-dilutive.

### **1.15 Impairment of Assets**

The carrying values of assets / cash generating units at each Balance Sheet date are reviewed for impairment. If any indication of impairment exists, the recoverable amount of such assets is estimated and impairment is recognised, if the carrying amount of these assets exceeds their recoverable amount. The recoverable amount is the greater of the net selling price and their value in use. Value in use is arrived at by discounting the future cash flows to their present value based on an appropriate discount factor. When there is indication that an impairment loss recognised for an asset in earlier accounting periods no longer exists or may have decreased, such reversal of impairment loss is recognised in the Statement of Profit and Loss, except in case of revalued assets.

### **1.16 Share based payments**

The Company recognizes compensation expense relating to share-based payments in net profit using fair-value in accordance with Ind AS 102, Share-Based Payment. The estimated fair value of awards is charged to statement of profit and loss on a straight-line basis over the requisite service period for each separately vesting portion of the award as if the award was in-substance, multiple awards with a corresponding increase to share based payment reserves.

### **1.17 Business Combinations**

Business combinations have been accounted for using the acquisition method under the provisions of Ind AS 103, Business Combinations.

The cost of an acquisition is measured at the fair value of the assets transferred, equity instruments issued and liabilities incurred or assumed at the date of acquisition, which is the date on which control is transferred to the Company. The cost of acquisition also includes the fair value of any contingent consideration. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair value on the date of acquisition.

Business combinations between entities under common control is accounted for at carrying value.

Transaction costs that the Company incurs in connection with a business combination such as finder's fees, legal fees, due diligence fees, and other professional and consulting fees are expensed as incurred."

### **1.18 Dividend**

Provision is made for the amount of any dividend declared on or before the end of the reporting period but remaining undistributed at the end of the reporting period, where the same has been appropriately authorised and is no longer at the discretion of the entity.

### **1.19 Contributed Equity**

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

### **1.20 Exceptional Items**

Certain occasions, the size, type, or incidences of the item of income or expenses pertaining to the ordinary activities of the Company is such that its disclosure improves the understanding of the performance of the Company, such income or expenses is classified as an exceptional item and accordingly, disclosed in the financial statements.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

### Critical accounting judgment and estimates

"The preparation of financial statements requires management to exercise judgment in applying the Company's accounting policies. It also requires the use of estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses and the accompanying disclosures including disclosure of contingent liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis, with revisions recognised in the period in which the estimates are revised and in any future periods affected."

#### 1.21 Contingencies

In the normal course of business, contingent liabilities may arise from litigation and other claims against the Company. Potential liabilities that have a low probability of crystallising or are very difficult to quantify reliably, are treated as contingent liabilities. Such liabilities are disclosed in the notes but are not provided for in the financial statements. There can be no assurance regarding the final outcome of these legal proceedings.

#### 1.22 Useful lives and residual values

The Company reviews the useful lives and residual values of property, plant and equipment, investment property and intangible assets at each financial year end.

#### 1.23 Impairment Testing

- i) Judgment is also required in evaluating the likelihood of collection of customer debt after revenue has been recognised. This evaluation requires estimates to be made, including the level of provision to be made for amounts with uncertain recovery profiles. Provisions are based on historical trends in the percentage of debts which are not recovered, or on more detailed reviews of individually significant balances.
- ii) Determining whether the carrying amount of these assets has any indication of impairment also requires judgment. If an indication of impairment is identified, further judgment is required to assess whether the carrying amount can be supported by the net present value of future cash flows forecast to be derived from the asset. This forecast involves cash flow projections and selecting the appropriate discount rate.

#### 1.24 Tax

- i) The Company's tax charge is the sum of the total current and deferred tax charges. The calculation of the Company's total tax charge necessarily involves a degree of estimation and judgment in respect of certain items whose tax treatment cannot be finally determined until resolution has been reached with the relevant tax authority or, as appropriate, through a formal legal process.
- ii) Accruals for tax contingencies require management to make judgments and estimates in relation to tax related issues and exposures.
- iii) The recognition of deferred tax assets is based upon whether it is more likely than not that sufficient and suitable taxable profits will be available in the future against which the reversal of temporary differences can be deducted. Where the temporary differences are related to losses, the availability of the losses to offset against forecast taxable profits is also considered. Recognition therefore involves judgment regarding the future financial performance of the particular legal entity or tax Company in which the deferred tax asset has been recognized.

#### 1.25 Fair Value Measurement

A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non- financial assets and liabilities. When measuring the fair value of an asset or a liability, the Company uses observable market data as far as possible. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

If the inputs used to measure the fair value of an asset or a liability fall into different levels of a fair value hierarchy, then the fair value measurement is categorized in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognizes transfers between levels of the fair value hierarchy at the end of reporting year during which the change has occurred.

### **Defined Benefit Obligation**

There is no revenue generation from monetization of these assets during the quarter and the year ended March 31, 2023 due to which the Company has incurred substantial losses during the quarter and year ended March 31, 2023 and previous financial years. There is a strong indication of impairment in the value of these Business and Commercial Rights and Channel Development Cost and therefore we are of the opinion that the impairment loss of Rs. 5,869.33 Lakhs should be provided on all such assets in the books of accounts of the Company as on March 31, 2023. Management is in continuous process of generating revenue from exploitation of rights in different ways. Management estimates that decline in revenue in recent past is temporary in nature which have potential to get regularized in near future. Management further estimates that the said assets, during their useful life, will be able to generate discounted cash flow at least equal to the present value of rights/assets in the books. The nature of assets is such that revenue generated from it is unevenly spread during the useful life of assets. The company is in process of forming a technical team of experienced persons to estimate the value in use.</p>

	<b>d.</b>	<b>For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views:</b> The documents upon which the Company relies for the purpose of finalisation of accounts doesn't indicate charge of any interest/ penal interest. Accordingly, no provision is made in the Profit and Loss account of the Company.

<b>2</b>	<b>a.</b>	<b>Details of Audit Qualification: Impairment in the value of intangible business and commercial rights and channel development cost.</b> The aggregate carrying value of Business and Commercial Rights and Channel Development Cost in the books of the Company as on March 31, 2023 is Rs. 5,869.33 Lakhs. There is no revenue generation from monetization of these assets during the quarter and the year ended March 31, 2023 due to which the Company has incurred substantial losses during the quarter and year ended March 31, 2023 and previous financial years. There is a strong indication of impairment in the value of these Business and Commercial Rights and Channel Development Cost and therefore we are of the opinion that the impairment loss of Rs. 5,869.33 Lakhs should be provided on all such assets in the books of accounts of the Company as on March 31, 2023. The assets of the Company are overstated and net loss for the quarter and year ended March 31, 2023 is understated to that extent."

	<b>c.</b>	<b>Frequency of qualification:</b> Whether appeared first time / repetitive / since how long continuing: Repetitive		
	<b>d.</b>	<b>For Audit Qualification(s) where the impact is quantified by the auditor, Management's Views:</b> The Management of the company does not anticipate any impairment in the value of Intangible Business and Commercial Rights and related media assets as management consider that Rights/assets can be commercially exploited in different ways to generate the revenue. Management is in continuous process of generating revenue from exploitation of rights in different ways. Management estimates that decline in revenue in recent past is temporary in nature which have potential to get regularized in near future. Management further estimates that the said assets, during their useful life, will be able to generate discounted cash flow at least equal to the present value of rights/assets in the books. The nature of assets is such that revenue generated from it is unevenly spread during the useful life of assets. The company is in process of forming a technical team of experienced persons to estimate the value in use.
